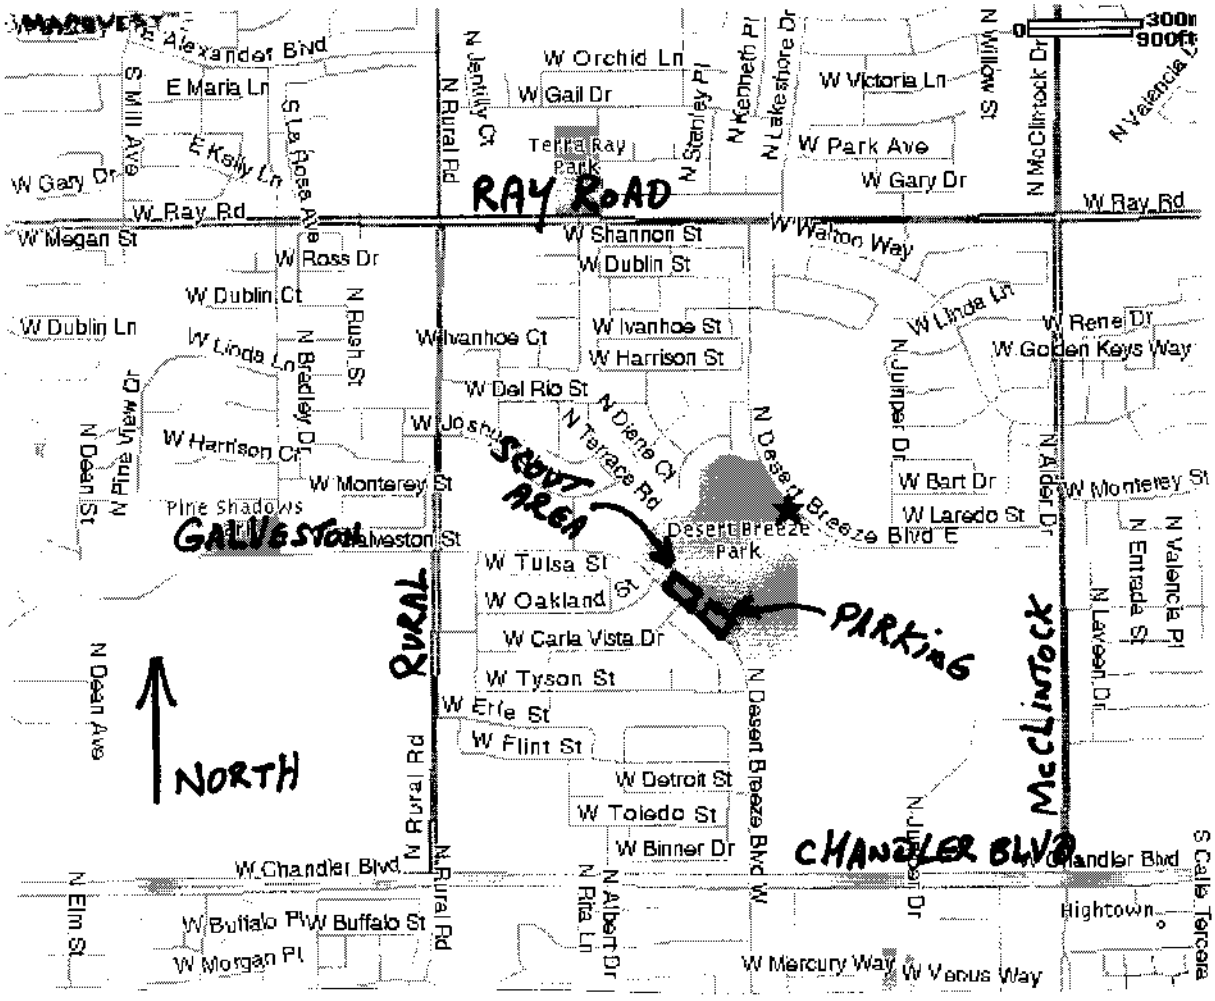
Directions to Desert Breeze Park and the Boy Scout Area

If I was driving from Rover School, I would ...

- Go West on Watson to Rural and turn left (South).

- Go South on Rural for about four miles to Galveston (it may also be marked N. Desert Breeze Blvd W.) Galveston is half way between Ray Rd. and Chandler Blvd, and has a traffic light at the intersection of Rural and Galveston

- Turn left (East) at the street marked Galveston.

- It will go due East for a couple of blocks, then it curves to the South.


- Watch on the left-hand side for a small fence line made with Ocotillo branches (this is the Scout area), right after the fence is a parking lot on the left where you may park.
